SEOHYUN JI

Department of Psychology
Chungnam National University

Korea Institute of Machinery and Materials
Daejeon, Republic of Korea
Tel: +82-42-868-7496
Mobile: +82-10-4129-0228
E-mail: oky0301@kimm.re.kr

AREAS OF RESEARCH INTEREST

- Physical understanding of self-assembled colloidal particle formation.
- Patterning process of functional materials.
- Bioelectronics including biosensor applications.
- Physical understanding of interaction between functional fluidic materials and surface nano and microstructures on substrates for fabrication of advanced optics, electronics and bio applications

EDUCATION

- 09/2018 – Present **Chungnam National University** **Daejeon, Korea**
Department Psychology (Industrial and Organizational Psychology)
Degree PH. D (in the process; the graduation set for Aug. 2027)
- 09/2015 – 08/2017 **Chungnam National University** **Daejeon, Korea**
Department Psychology (Industrial and Organizational Psychology)
Degree Master
- 03/2011 – 08/2015 **Chungnam National University** **Daejeon, Korea**
Department Philosophy / Psychology
Degree Bachelor

EMPLOYMENT

- 03/2018 – Present **Korea Institute of Machinery and Materials** **Daejeon, Korea**
(Research Administrative)
- 04/2026 - Present Department of AI Machinery
- 04/2026 – Present AX Convergence Research Center
- 04/2024 – 03/2026 Department of Carbon-free Power Generation
- 04/2024 – 03/2026 Semiconductor Manufacturing Research Center
- 01/2020 – 03/2024 Department of Advanced Battery Manufacturing Systems
- 03/2018 – 03/2024 Department of Nature-Inspired Nano Convergence System
- 09/2016 – 12/2016 **Chungnam National University** **Daejeon, Korea**
Teaching Assistant, Department of Psychology
Practice of Psychological Statistics, Undergraduate Course

RESEARCH EXPERIENCE

- 07/2022 – 06/2025 **Chungnam National University**

Position Researcher

Project An Experience Sampling Study on the Effect of Nurses' Workplace Mistreatment Experiences on W-Related Behavior, Recovery from Work and Work Meaningfulness. National Research Foundation (A Study of Lifestyle Change and Quality of Life Improvement in the Post COVID-19 Era), Korea

Daejeon, Korea
- 03/2024 – 08/2024 **Chungnam National University**

Position Researcher

Project *Organizational Culture Assessment*, Satrec Initiative. Ltd., Korea

Daejeon, Korea
- 09/2021 – 12/2021 **Chungnam National University**

Position Researcher

Project Preliminary Study of Occupational Safety and Health Survey, KOSHA, Korea

Daejeon, Korea
- 08/2020 – 12/2020 **Chungnam National University**

Position Researcher

Project *Development of Occupational Safety and Health Survey*, Kim Yun-hwa Safety Culture Research Institute, Korea

Daejeon, Korea
- 03/2018 – 06/2018 **Chungnam National University**

Position Researcher

Project

Daejeon, Korea
- 06/2016 – 10/2016 **Chungnam National University**

Position Researcher

Project *Organizational Culture Assessment*, Satrec Initiative. Ltd., Korea

Daejeon, Korea
- 09/2015 – 08/2017 **Chungnam National University**

Position Researcher

Project An Experience Sampling Study on the Relationship Between Work-Related Drinking and Psychological Detachment From Work, National Research Foundation, Korea

Daejeon, Korea

BACKGROUND & TECHNICAL SKILLS

- Occupational Health Psychology: Workplace stress, Recovery, and employee Well-being (Burnout, Work Engagement, Work Meaningfulness)
- Theoretical Frameworks: Job Demands-Resources Theory, Conservation of Resources Theory, Effort-Recovery theory
- Organizational Climate: Psychosocial Safety Climate, Safety Climate, Psychological Contract
- Research Methods & Statistics
 - Experience Sampling Method (ESM) – Daily Diary Design
 - : Multilevel path analysis, Multilevel structural equation modeling (MSEM), Dynamic structural equation modeling (DSEM) etc.
 - Software & Tools
 - : SPSS, **SAS programming**, R programming, **Mplus**, etc.
 - : Qualtrics

PUBLICATION

• International Journals
